

Börsig

Connecting That is what we do.

Since 1969.

Linecard

- ⊕ HIGH AVAILABILITY
- ⊕ SHORT DELIVERY TIMES
- ⊕ HIGHLY RELIABLE DELIVERY
- ⊕ GREAT EXPERTISE
- ⊕ PERSONAL ADVICE
- ⊕ PARTNER OF PREMIUM MANUFACTURERS

A good connection Our goal at all times.

For us and our products.

WHO WE ARE

Since 1969 the 100% family-owned company has been a franchised partner as electronic distributor of premium manufacturers of electromechanical components.

Electronic connectors, relays, switches, cables, tools, plastic accessories and other electronic components are supplied world-wide. Our in-house cable assembly is the complement.

It is our goal to satisfy our customers with all our activities. This is why the quality of our service has the highest priority. Every employee of Börsig GmbH is part of the continuous improvement process.

Quality is our top priority!

YOUR BENEFITS AT A GLANCE:

- Certified Quality
- Short delivery times due to high stock availability and delivery reliability
- Franchised Partner of premium manufacturers
- Personal, expert advice
- We break packaging units
- No minimum order value
- Reliable and flexible order processing
- Customized stockholding

AUTHORIZED DISTRIBUTOR

Börsig

Our promise: 100 % Service – 100 % Börsig.

Without compromises.

ADVISORY SERVICE

A particular distinctive feature of Börsig is the high technical know-how of our employees. Thanks to the longterm experience our experts will advise you in all matters concerning the subject connections. We are happy to share our expertise both in the planning, as well as in the final application of our products with you.

DISTRIBUTION

With an extremely deep range of solutions we can meet almost any customer requirement flexibly and promptly. Our large-scale warehouse enables a high delivery capacity and a customized stockholding. In addition, we break packaging units and sell without minimum order value or small quantity fees.

CABLE ASSEMBLY

At our headquarter in Neckarsulm we manufacture connector-cable-assemblies from different manufacturers with all established technologies according to the corresponding processing guidelines – made in Germany. We exclusively use original parts and perform 100 %-testing on our assemblies in order to supply first-class quality.
