

Connecting,
that is what we do.

Since 1969.

Join Our Team.

For our sales force in Czech Republic / Brno we are looking for a

Specialist Technical Internal Sales (m/f/x) (suitable also for graduates)

This is part of your responsibility:

- Active support of our customers in the Czech, Slovakian and Hungarian Market.
- Service-oriented consulting also in technical questions.
- Preparation of quotations including price calculations and follow-up.
- Active approach towards our international suppliers regarding projects, special pricing and lead-times.
- Order processing and organization of deliveries.
- Processing of customer complaints and preparation of credit notes.

We expect the following qualifications from you:

- Experience from previous employments in wholesale or foreign trade be advantageous.
- Confident in using Microsoft office applications.
- Fluent in written and spoken Czech and English. German and/or Hungarian would be advantageous.
- You have a high level of teamwork and reliability.
- You work in a customer-oriented manner and actively approach customers.
- You communicate effectively and constructively.

Your benefits

- A challenging and exciting position with a traditional company.
- Very good, medium-sized company atmosphere.
- Attractive salary package.
- Modern work equipment with home office option.
- Familiarization with the company's processes as well as detailed training in the tasks.
- Job-related further training opportunities.
- Freedom to make decisions and develop professionally.

In the medium-sized, family-run company Börsig, the more than 190 colleagues appreciate the cooperation in flat hierarchies at six locations.

As an established authorized dealer of premium manufacturers, we sell electromechanical components to B2B customers in over 50 countries. Our claim: The best quality at a good price for our customers.

In our company you are professionally at home. If you would like to support us, please send us your meaningful application including curriculum vitae, references, desired salary (gross annual salary) and the earliest possible starting date by e-mail to
